# GENERAL INFORMATION

## OPENING AN ACCOUNT

All new accounts will be set up on a cash-in-advance basis until such time that the Credit Dept. has been able to establish open account terms. Minimum opening order to establish a new account is \$500.00 net. No account will be permitted open account status unless they can be opened for at least a \$1,000.00 credit limit. Payment terms are Net 30 Days.

## ORDERING

Once an account has been established, subsequent minimum order is \$100.00 net. A charge of \$25.00 or the amount necessary to reach \$100.00 (whichever is less), will be added to the invoice.

**Dealer Online Representation:** Pre-authorized web based representation of the John Boos & Co. product line must adhere to written contractual agreement and minimum advertised pricing (MAP).

## F.O.B FACTORY

All John Boos products are shipped F.O.B. Effingham, IL 62401. Whenever possible, orders may be consolidated for freight savings by contacting the factory or your representative.

## CAUTION: FREIGHT CLAIMS

Before accepting any shipment, examine it carefully and note any damage or shortage on the Freight Bill before signing for delivery. All claims for shortage or damage must be filed with the carrier. Title passes from John Boos & Co. to the purchaser at point of origin of shipment. If, after receipt of shipment, concealed damage is discovered, immediately notify the delivering carrier requesting immediate inspection. The inspection report should be used to support your claims against the carrier. John Boos will not file claims with 3rd party carriers.

## RETURN SHIPMENTS

We will not accept any returned merchandise unless written authorization has been issued. Any claims for defective materials or workmanship should be mailed to the factory.

**UNUSED merchandise in A-1 condition - there is a 25% or greater restocking charge for AUTHORIZED returns. John Boos reserves the right to deny returned merchandise.**

## CONFIRMATIONS & ACKNOWLEDGMENTS

We request that all orders be faxed or emailed to John Boos & Co., Fax 800-433-2667, Email [purchaseorders@johnboos.com](mailto:purchaseorders@johnboos.com).

We acknowledge all orders in writing and this acknowledgment constitutes our agreement, as the company will not be held responsible for errors due to misunderstandings on verbal orders or verbal agreements with our Sales Representatives.

## CANCELLATION POLICY

Any special orders that have been entered into production cannot be canceled without paying all costs incurred by our company in the preparation of special plans, materials purchased or produced. No changes can be made once a "special order" has been entered into production. Any costs incurred therein will be the responsibility of the customer. Purchase orders may be changed up to 14 days before the scheduled shipping date without penalty, if production has not commenced.

Absolutely no order changes or cancellations will be accepted within 14 days of the originally scheduled ship date.

## DROP SHIPPING

John Boos & Co. will drop ship to the contiguous 48 states (PO BOX not accepted), as well as a residential address (Residential drop ship fee of \$10.00 applies). Freight charges may be prepaid and added to your invoice if specified on shipments for locations other than the billing address. Note: For residential delivery, liftgate service, notification of delivery, and other special requirements, additional charges may apply.

## WARRANTY

The only warranty, expressed or implied, is a 1-year guarantee against defect in workmanship and material.

This warranty does not apply to damages which may result from neglect, accidental or intentional damage, damage or wear to any swivel mechanism, normal wear and tear, misuse of product, unauthorized repair, exposure to extremes in temperature and humidity, and alteration or abuse of the product. Wood products ordered 'unfinished' do not come with a warranty.

Repairs or replacement under this limited warranty will be made through an authorized John Boos & Co. distributor, if possible, the same dealer/distributor from which the product was purchased. Should the dealer or factory representative find return of the product to the factory necessary, all packing and shipping costs will be the responsibility of the customer. If a dealer/distributor is not available, contact the Customer Service Department at John Boos & Co., 3601 S. Bunker St., Effingham, IL 62401, Ph (888) 431-2667 for the name and location of the nearest authorized distributor.

Factory obligation under this warranty, is limited, at the option of John Boos & Co. to repair or replace the product (or one of equal type and quality if the product is no longer available), within 90 days after receipt of written recommendation from the dealer, provided none of the above exceptions are evident.

John Boos & Co. shall not be liable for any loss or damage arising from use, or for consequential damages. This warranty gives certain legal rights and there may be other rights that vary from state to state.

**ALL PRICES ARE LIST - F.O.B FACTORY  
ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE**

## MISSION STATEMENT

John Boos & Co. is in business to supply quality butcher block and stainless steel products designed to give our customers superior value and service. In support of this, we are committed to:

- Being responsive to customer needs.
- Being acknowledged as providing the finest in workmanship and design.
- Expanding our product offerings to meet the changing needs of our customers within our manufacturing capabilities.
- Providing a stable working environment where our employees can achieve personal growth.

*We are proud of our people, proud of the products we produce, and proud of our company.*

## HISTORY

John Boos & Co., based in Effingham, IL, is one of the oldest manufacturers of premium quality butcher blocks in the U.S.A. John Boos & Co. has been in business continuously since 1887. It was in his Effingham, IL blacksmith shop that founder Conrad Boos first invented what would become the original Boos Block®. Having harvested sycamore from local wooded areas and processing it in his sawmill, Conrad brought it to his blacksmith shop for finishing. That first block of sycamore was placed on three legs to absorb the shock of the blacksmith's hammer against the anvil. It was the local butcher, who having seen and admired Conrad's block, became impassioned about owning a block for his meat market. Unknowingly, Conrad's son, John, who made and sold that first block to the butcher, took John Boos & Co. into the infancy of serving customers since 1887.

John Boos & Co. Wood Manufacturing Facility  
Effingham, IL

Conrad Boos

Beginning in the mid 1960's, John Boos & Co. made its first stainless steel table and quickly expanded its stainless steel fabricated table business to accommodate changing market requirements. The company's stainless steel business continues to grow and now includes an entire range of stainless steel products including custom fabrication. The company combines the art of stainless steel fabrication and woodworking to create a blend of quality kitchen carts, furniture, worktables and much more. John Boos & Co. continues to be the only company in the U.S.A. having both stainless steel and wood manufacturing facilities on location, and is well recognized as a leading manufacturer of quality products.

In 2017, John Boos & Co. marked the completion of the company's multi year relocation of its corporate and manufacturing facilities from the central Effingham area to the present South Banker Street location. With the completion of the 116,000 square foot, state of the art, wood manufacturing facility, John Boos & Co. will be positioned to continue to provide the best products and service in the markets it serves while allowing for additional new product development, which will continue to stimulate growth.

## Pride & Craftsmanship

There is no doubt that John Boos craftsmen love and know wood and stainless steel. We are experts in crafting top quality products of beauty, durability and function. Our pride in craftsmanship represents John Boos & Co.'s commitment to detail and is proudly displayed as the final touch to many of our heirloom quality products. Pride and Craftsmanship are the key ingredients in everything we do.

We take pride in sourcing our hardwood lumber from NHLA affiliated lumber mills in the United States.

Illinois, Indiana, Michigan, Tennessee, Ohio, Pennsylvania, and New York

MADE IN THE USA

## Our Commitment To Environmental Safety

John Boos & Co. is firmly committed to the responsible management of environmental matters. As part of our standard business practice, John Boos & Co. maintains a high standard in meeting today's manufacturing needs without compromising the environment for future generations.

For over 50 years, John Boos & Co. has been a member of NHLA and maintains a current NHLA Sustainability Certificate (National Hardwood Lumber Association). As an NHLA Member, the company is committed to sustainable forestry practices. We embrace the certificate's statements of sustainability in the harvest and manufacture of all hardwood products. This includes the purchase of lumber from NHLA affiliated lumber mills that share the same values for sustainable forestry practices.

# Cutting Board - Buyers Guide Information

Northern Hard Rock Maple

American Cherry

American Black Walnut

## Edge Grain

Made with 1-3/4" wide strips of wood that can be full length strips or finger jointed random length pieces glued together with the edge grain face up.

## End Grain

Made up of many little squares of wood, cut and stood on "end". Glued together with steel fasteners randomly placed inside the top for stability.

## **Natural Oil Finish / Boos Block Cream Finish w/ Beeswax**

The Oil Finish is food safe and designed for the working chef's kitchen. Whether used on a countertop or cutting board, the oil finish is intended to be used for a cutting surface. The oil finish has a natural matte appearance that helps to protect the wood from moisture and humidity exchange. With proper care and maintenance, your natural wood surfaces will be beautiful and functional for years to come.

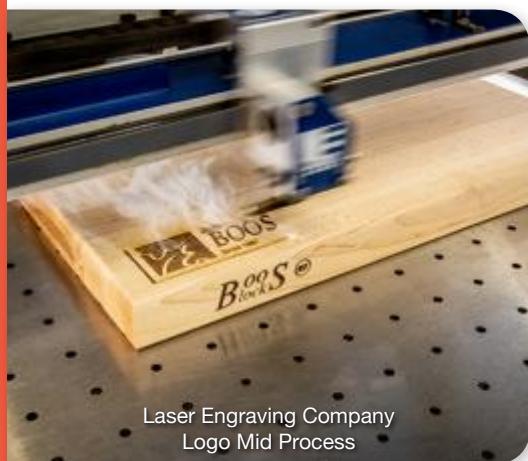

## Varnique Finish

This beautiful semi-gloss polyurethane finish is virtually maintenance free. It is impervious to most household chemicals and is easily cleaned with mild soap and water. The fine furniture look makes it the choice for kitchen island bars and eating counters. It is not meant to be used as a cutting surface, but if minor cuts in the finish should appear, they will need to be resealed to prevent moisture from absorbing into the wood. Reseal any damaged areas with EZ-DO Poly Gel. Note: All Cutting Boards have an oil finish, only our Lazy Susans have a varnique finish.

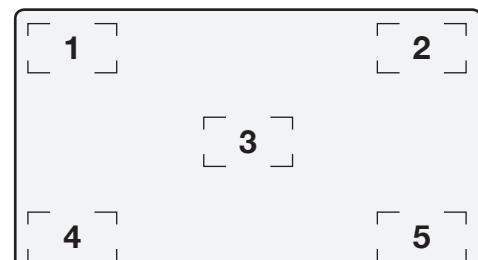

# Laser Engraved Cutting Boards

Laser Engraving Company  
Logo Mid Process

Contact the factory for details on Laser Engraved Cutting Boards. Requires a minimum order of 24 boards per model. Logo not to exceed 6 square inches. Add \$15.00 to list price per board for engraving. Logos over 6 square inches call factory for pricing. Specify if you do not want Boos Block® brand on side of models where brand is standard.

Note: Laser engraving does not change NSF status on listed boards

Logos or other artwork to be provided by you in IBM compatible .eps or .jpg format to a minimum resolution of 200dpi. Artwork files to be submitted via email to [sales@johnboos.com](mailto:sales@johnboos.com).

BEFORE

AFTER

### Care & Maintenance Kit Gift Pack w/POP Packaging

MODEL	DESCRIPTION	LIST
MYSCRMAPPGP	Mystery Oil, 16OZ (1)/Board Cream 5OZ / Applicator - Gift Pack	\$49.95

### How To Care For Your Boos Block®

To prolong the life of your butcher block surface, follow these simple care and maintenance instructions.

1. A minimum of 3-4 weeks (depending upon the use and household conditions), apply an even coat of Boos® Mystery Oil to your butcher block surface using the Applicator. Make sure the butcher block surface is clean from debris, dirt, oil, or grease before applying Mystery Oil.
2. Allow the Mystery Oil to fully penetrate into the wood fibers overnight, then wipe off any excess oil.
3. Apply additional oil to any visible dry spots. Do not over oil your wood surface.
4. It is recommended to use Boos Block® Board Cream to seal the wood surface after applying the Mystery Oil. Apply an even coat of the Board Cream using the applicator. Allow the Board Cream to penetrate the wood surface overnight, then wipe off any excess Board Cream.

### Care & Maintenance Packs

MODEL	DESCRIPTION	LIST
*MYS1APP	Mystery Oil, 16OZ (1) / Applicator	\$29.95
*MYS2APP	Mystery Oil, 16OZ (2) / Applicator	\$39.95

\*Note: MYS2 (Must be Ordered In Quantities of 10), MYSB (Must be Ordered In Quantities of 12)

MYSB

## "Boos Board Cream" Protects Cutting Boards & Butcher Blocks

This all natural formula penetrates deeply into the grains of the wood, leaves a silky wax barrier and locks moisture in. Used every 3-4 weeks, Boos Block Board Cream will replenish the moisture lost from repeated washings, keeping your butcher blocks, cutting boards and utensils from drying, bleaching and cracking. Boos Block Board Cream is a special combination of natural unbleached beeswax and food grade mineral oil. Recommend use with Boos Mystery Oil.

MODEL	DESCRIPTION	LIST
*BWC	Boos Board Cream, 5OZ	\$9.95
BWC-3	Boos Board Cream, 5OZ (3 Pack)	\$29.95

\*Note: BWC (Must be Ordered In Quantities of 12)

BWC-3

## "Oil & Cream Applicator"

APPLICRND1

Fast, professional and easy way to apply Boos Block Mystery Oil or Board Cream to your cutting boards, butcher blocks, wooden bowls and utensils. Solid, sturdy hardwood construction for perfect grip and control. Special silver ion treated anti-bacterial sponge prevents bacteria growth in sponge and on wood surfaces. Applies smoothly, evenly and consistently onto wood surfaces. No waste or mess of oils or creams. Includes a cap for easy storage and protection.

MODEL	DESCRIPTION	LIST
APPLICRND1	Round Applicator (1)	\$19.95
APPLICRND2	Round Applicators (2 Pack)	\$29.95

## "EZ-DO - Sealant/Protector"

A perfect match for Varnique finish. Seals and protects wood surfaces in one easy step. Makes repairs & fabrication a foolproof operation. Easy application - fast drying. Water & alcohol resistant. Non-Toxic - Lead Free. No runs, no lap marks.

## "Boos Stainless Steel Cleaner"

All natural, streak-free formula that produces a beautiful shine on appliances and all stainless steel surfaces. Cleans food residue, fingerprints and kitchen grease. Safe for use in food handling environments. Breezy Citrus Orchard scent, fine mist.

BSC-12	Boos Stainless Steel Cleaner, 12 Pack	\$152.95

# Gourmet Furnishings - Buyers Guide Information

Northern Hard Rock Maple

American Cherry

American Black Walnut

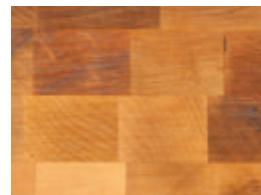

## Edge Grain

Made with wide strips of wood that can be full length strips or finger jointed. These random length pieces are glued together with the edge grain face up.

## End Grain

Made up of many little squares of wood, cut and glued on "end". This style also includes randomly placed metal fasteners on the interior to ensure extra stability.

## Natural Oil Finish / Boos Block Cream Finish w/ Beeswax

The Oil Finish is food safe and designed for the working chef's kitchen. Whether used on a countertop or cutting board, the oil finish is intended to be used for a cutting surface. The oil finish has a natural matte appearance that helps to protect the wood from moisture and humidity exchange. With proper care and maintenance, your natural wood surfaces will be beautiful and functional for years to come.

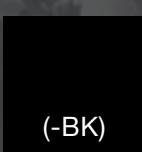

## Varnique Finish

This beautiful semi-gloss polyurethane finish is virtually maintenance free. It is impervious to most household chemicals and is easily cleaned with mild soap and water. The fine furniture look makes it the choice for kitchen island bars and eating counters. It is not meant to be used as a cutting surface but if minor cuts in the finish should appear, they will need to be resealed to prevent moisture from absorbing into the wood. Reseal any damaged areas with EZ-DO Poly Gel (Page 17). Note: All Cutting Boards have an oil finish, only our Lazy Susans have a varnique finish.

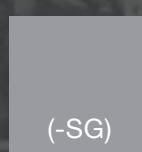

## Choose Your Preferred Color Base Options!

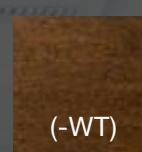

John Boos & Co. gives you the option of choosing from a variety of base colors to fit your kitchens preference.  
 Choose from 13 different base colors. (Note: Finished product color may vary from actual color swatches.  
 Only specific products are allowed base color options.)

## "The American Heritage Collection"

Since 1887, John Boos & Co. has proudly offered fine butcher blocks, cutting boards, kitchen workstations, carts, and other food preparation products. Generations of professionals have used them in restaurants, commercial and industrial foodservice, government and educational foodservice industries. The American Heritage Collection brings this level of quality and unparalleled craftsmanship to products designed for your home and the finest kitchens in America! This collection reflects Boos' pride in their heritage with stunning products with American hardwoods, manufactured in the U.S.A.

## "Metropolitan Designer Series"

This ultra-modern collection consists of urban inspired pieces that lend beautiful performance. The clean lines naturally draw the eye, creating an attractive, artistic emanation. Each piece is comprised of John Boos & Co. manufacturing essentials namely a Northern Hard Rock Maple top and stainless steel base in sleek brushed tubing. The fully welded bases are seamless, creating the perfect eye-catching design.

## "Cucina Americana"

Grill, entertain, and explore your culinary talents with the John Boos & Co. Cucina Americana Collection. Hand crafted with the finest American hardwood butcher block tops and foodservice grade stainless steel bases, these kitchen carts provide a stunning mobile kitchen work space. Utilize in your kitchen, and roll outside at your next cookout or family get together. Always store your kitchen carts indoors after outdoor use. Outdoor weather conditions can damage the quality of your kitchen cart.

# Kitchen Countertops - Buyers Guide & Information

## Northern Hard Rock Maple

Northern Hard Rock Maple is the strongest and most dense of all species of maple. Used primarily for furniture and flooring, Northern Hard Rock Maple makes for a great, affordable kitchen countertop. (Pages 36-39)

## American Cherry

The highly sought after American Cherry has unique grain patterns and a reddish brown color. Used in high end furniture and cabinetry worldwide, American Cherry makes for a beautiful kitchen surface. (Pages 40-43)

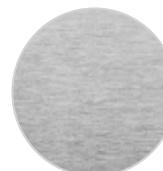

## American Black Walnut

Prized for its dark tones and tough structure, American Black Walnut makes for a top-of-the-line cutting area. The white sapwood intertwined with the chocolate/light brown heartwood gives this species a beautiful contrast. (Pages 44-47)

## Appalachian Red Oak

A traditional choice, Appalachian Red Oak has similar heartwood and sapwood colors, with sapwood slightly lighter. Appalachian Red oak is dense and has a high shock resistance making it a great countertop. (Pages 48-49)

## Stainless Steel

For a more modern kitchen, Boos® Commercial Grade Stainless Steel Countertops feature a heavy duty, 16 gauge stainless steel fabrication with #4 polish. Built to withstand heavy residential/commercial use, Boos countertops are constructed with 1-3/8" thick particle board backing. (Pages 50-51)

## Ultra Premium Edge Grain

Built on a history of over 130 years of American craftsmanship, Boos® butcher block surfaces fill your kitchen with timeless tradition in countertop appearance while maintaining a natural food safe element for food preparation. Ultra premium countertops are manufactured with full length continuous rails from our choice selections of American hardwoods.

## Blended Edge Grain

Boos® Blended kitchen countertop surfaces offer harmonious character & provides naturally defined individuality. Blended tops consist of full length exterior rails and random finger-jointed interior rails. Crafted of North American hardwoods, the rails in a blended top feature different parts of a tree, (a blend of heartwood & sapwood) hence the color variations. Natural mineral streaks and unique wood grain patterns also add to its unique appeal.

## Premium End Grain

Easy on the eye, easy on the knife. Boos® Premium End Grain Island Tops are meant to be used as a stand-alone piece. This unique island top offering reveals the best of the natural elements in hardwood grain which makes it the perfect focal point of your kitchen design. Due to the unique patterns of the End Grain blocks, no two tops are the same. BBITs ship standard with contrasting walnut plug facades, 1/4" radius tops edges and corner. Boos Block® brand stamped onto the side.

## Two Unique Finishes - Perfect For Your Application

Certainly the ultimate kitchen will have natural butcher block countertops throughout. However, any design and decor can be enhanced by the addition of this gorgeous, yet useful surface. Many home chefs appreciate a built-in cutting surface next to their cook top. A small section is also often used over the built-in dishwasher. A butcher block island under a hanging pot rack makes a perfect prep area, or you may want to add the warmth and beauty of butcher block as a raised breakfast bar with stools.

### Natural Oil Finish

If you wish to use your butcher block top as a cutting surface, this is the factory finish to choose. Just like on cutting boards and butcher blocks, the natural wood surface is protected by oil, which is actually absorbed into the fibers. We advise to periodically re-oil your butcher block tops to preserve their beauty and durability (page 16). If, after heavy usage, you wish to remove cut marks, simply sand the surface and re-oil. It will look like new.

**Refinishing:** Can be sanded with fine sandpaper, sanding with the grain and re-oiled with Boos Mystery Oil. *Note: Oiled tops need to be oiled every 3-4 weeks. Northern Hard Rock Maple turns white when dry. Oiled tops can be refinished with EZ-DO at any time through the life of the top. EZ-DO converts your wood top into a piece of furniture and should not be cut on. Wood must be clean, dry, well sanded, free of dust and excess oil prior to application of EZ-DO (Page 17).*

### Varnique Finish

This beautiful semi-gloss polyurethane finish is virtually maintenance free. It is impervious to most household chemicals. Cleans easily with mild soap and water. The fine furniture look makes it the choice for kitchen island bars and eating counters. Cuts in the finish should be resealed immediately to prevent the exposed wood from absorbing moisture. Refinish with EZ-DO Poly Gel (Page 17).

**Refinishing:** *Can be spot sanded, if needed, or repair and refinish with EZ-DO wipe on poly gel (Page 17)*

### Other Important Information

Cutting a butcher block top exposes unprotected hardwood. This needs to be refinished immediately. Failure to do so could lead to cracking of the top. Once you have made a cutout in the top, you should coat the exposed area by applying Boos® Mystery Oil or EZ-DO depending on the finish you have.

**Overhang of 8" or more on width or 12" or more on length must be stabilized with support.**

John Boos & Co. butcher block countertops are manufactured to exacting standards under constant quality control inspections.

**There is a +/- 1/8" tolerance for the length, width & thickness on all tops.**

Changes in atmospheric conditions can affect natural wood products. Extreme changes in humidity may cause the product to warp. These are not defects in the product or its manufacture and are beyond our control. Proper installation and care are the best methods to keeping your butcher block top in prime condition.

**For John Boos & Co. products, please visit our web page, [www.johnboos.com](http://www.johnboos.com) to locate authorized dealers and distributors in your area.**

### Edge Styling Options

#### EASED EDGE (Standard)

Sanded edge just enough to break sharp edge. (Standard on all Premium and Blended models.)

#### CHAMFERED EDGE (Add-On)

Top Bevel: 1/2", Call Factory For Pricing

#### RADIUS EDGE (Add-On)

Radius: 1/4" (Standard on BBIT models and Stainless Steel Counters) Call Factory For Pricing

#### BULLNOSE EDGE (Add-On)

Radius: 7/8" continuous radius top to bottom. Available on 1-1/2" (Shown) & 1-3/4" thickness only. Call Factory For Pricing

#### ROMAN OGEE EDGE (Add-On)

1-1/2" Thick Profile Shown, Available in all thicknesses. Call Factory For Pricing

## Ultra Premium Maple Tops

Northern Hard Rock Maple is the strongest and most dense of all species of maple. Ultra premium countertops are manufactured with full length continuous rails available in multiple widths and thicknesses.

See Page 34-35 For Wood Styles/Description

## Blended Maple Tops

Northern Hard Rock Maple is the strongest and most dense of all species of maple. Blended countertops are manufactured with a blend of heartwood & sapwood, hence the color variations, giving it a unique appeal.

See Page 34-35 For Wood Styles/Description

## Blended Cherry Tops

The highly sought after American Cherry has unique grain patterns and a reddish brown color. Blended countertops are manufactured with a blend of heartwood & sapwood, hence the color variations, giving it a unique appeal.

## Ultra Premium Walnut Tops

Prized for its dark tones and tough structure, American Black Walnut makes for a top-of-the-line cutting area. Ultra premium countertops are manufactured with full length continuous rails available in multiple widths and thicknesses. **For lengths over 97", Walnut KCTs come standard with KCT style finger joints (max. 2-3 joints per interior rail.)**

See Page 34-35 For Wood Styles/Description

## Blended Walnut Tops

Prized for its dark tones and tough structure, American Black Walnut makes for a top-of-the-line cutting area. Blended countertops are manufactured with a blend of heartwood & sapwood, hence the color variations, giving it a unique appeal.

## Ultra Premium Oak Tops

A traditional choice, Appalachian Red Oak has similar heartwood and sapwood colors, with sapwood slightly lighter. Ultra premium countertops are manufactured with full length continuous rails available in multiple widths and thicknesses.

## Blended Oak Tops

A traditional choice, Appalachian Red Oak has similar heartwood and sapwood colors, with sapwood slightly lighter. Blended countertops are manufactured with a blend of heartwood & sapwood, hence the color variations, giving it a unique appeal.

BSC-12	BOOS SS CLEANER CASE OF 12 BOTTLES	\$152.95

## Restaurant Dining Tops - Buyers Guide & Information

**Always Order By Model Number, Size, Wood Species, Finish and Optional Edge, If Requested.**

- **Wood Species:** Northern Hard Rock Maple, American Cherry, American Black Walnut, Appalachian Red Oak & Soft Maple
- **Finish:** All tops are finished with a semi-gloss polyurethane finish to insure easy care and a long service life.
- **Stains:** Boos House Stains: Sherwood, Walnut, Century and Mahogany are available at an additional charge with no minimum requirement. Custom Stains are available at an additional charge with a minimum requirement of (12) tops of the same stain color.  
**STAINS ONLY AVAILABLE ON RED OAK & SOFT MAPLE.**

All tops are available unfinished for finish application in the field. Use same model & price as shown, adding a "U" to the end of the model number. **Note: Unfinished Top Voids Factory Warranty.**

- **Assembly:** Butcher Block Tops are pre-drilled for respective base when ordered together.  
Custom drilling per template is available at additional \$10.00 list per top.

### 1. Choose Your Species

Northern Hard Rock Maple

American Cherry

American Black Walnut

Appalachian Red Oak
